Participating countries per Olympic game

## How Many Countries Typically Participate?

- Done by counting the distinct Countries that participated in Baseball and Softball by edition. This count was later averaged to see how many countries typically participate.
- Baseball was an extremely unpopular sport having only 1 or 2 countries participate prior to 1984, after which they consistently had 8 participating countries. (2020 had 6)
- Softball started off well in 1996 consistently garnering 8 countries, after 2020 however that number was reduced to 6.(Covid? )
